ABOUT ME

I am currently pursuing dual degrees in Computer Science and Data Science with a major in Computer Science and a strong interest in marketing and public relations. I am eager to contribute to innovative projects and collaborative teams. I am a quick learner and a dedicated team player. I am confident in my ability to adapt and excel in the dynamic tech landscape. I am enthusiastic about leveraging my education and skills to make meaningful contributions to the field.

EDUCATION

Thakur International school High school	2020
MKVVIV Junior college	2022
IIT Madras BSc Data Science	2026
NMIMS MPSTME BTech Computer Science	2026

- | | | |
|--------------|--------------------------|-------------------|
| • Python | • Java | • Quick Learner |
| • C/C++ | • Basics of Bootstrap | • Communication |
| • HTML/CSS | • DBMS | • Time Management |
| • JavaScript | • Microsoft Office Suite | • Teamwork |

EXPERIENCE

INSEED Organization 2023

Passionate about fostering positive change, I provided basic STEM education to underprivileged children. Additionally, I actively participated in raising awareness about the detrimental effects of plastic on our environment, striving to create a sustainable and eco-friendly future.

Innovation and Entrepreneurship cell**2023**

As a PR executive, I meticulously orchestrated events centered around innovation and entrepreneurship. Utilizing my strong public speaking and communication skills, I effectively promoted and amplified awareness for upcoming events, contributing to their success and fostering a culture of innovation within the community.

Robotics and Automation society**2023**

As a committee member of the Robotics and Automation Society, I served as the PR sub-head for the event Tech-no-logic. My role involved attracting a large audience and ensuring high footfall. The event showcased advanced technologies such as AR/VR, an in-real-life Rocket League, and a hydraulic maze, making it highly engaging for participants.
